BOAC Staff Slashes

VOL. III NO. 287

London, Dec. 3.—The British Overseas Airways Corporation, which lost over £15 million in the last two financial years, plans sweeping economies by which overseas staffs, paid in dollars, will be reduced by nearly two-thirds.

Sir Miles Thomas, Deputy Chairman of BOAC, said on landing in London today from a two weeks' tour of the Corporation's bases: "Plans are now made to reduce the BOAC dollar payroll personnel from 1,502 to fewer than 600 by March next."

He added that this would save \$3,500,000 a. year. "A substantial proportion of the total minimum of \$7 million we intend to save by streamlining the Atlantic Division, and shifting the aircraft maintenance stage from Dorval, in Canada, to Filton, Bristol."-Reuter.

EDITORIAL

The Momentous Hour king, the news will surprise few.

THE tide of battle is flowing so rapidly against the Nationalists in the Yangtse area that something a little less than a miracle can save Nanking and Shanghai from the Communist armies. The original counter offensive by Generalissimo Chiang Kai-shek's forces, officially claimed as a decisive victory which had won for Nanking the Battle of Hauchaw, has now identified fiself as nothing more than a local engagement, incapable of gaining for the Nationalists any tactical or strategical advantage. On the contrary the position has worsened to the extent where Hsuchow has been abandoned and its one-time defenders forced into a desperate southward march which may mean their destruction by the waiting Communists, Nanking has not yet fallen, but as the fighting is developing at present, this may be only a matter of days. The cold truth is that the Nationalist Government's position In its own capital is becoming utterly untenable. And it is this sense of the inevitable that makes mockery of the brave words still being uttered by official spokesmen that under no circumstances will Nanking be abandoned. This deflance could be more easily appreciated if simultaneously there were signs that the Nationalist forces in the area appeared capable of winning military successes. Unfortunately the overall picture of the Yangise battlefront betrays any such hopes, and if, during the weekend, it is revealed that the Chiang

If this happens the big question will be whether Generalissimo Chiang Kai-shek can withstand the blow to his prestige or any longer feel he has the confidence of his people or his armies. The Generalissimo has often been quoted as being convinced he is a man of destiny, but his postwar records do not, support him. Militaristically he has suffered one disaster after another and politically he has falled to live up to the promise of liberalism which his firmest admirers both inside and out of the country were convinced would mark the post-war era in China, Today, Chiang stands only as the symbol of an implacable enemy to Communism. But it is not enough. If China, at this last minute, is to throw back the Communist onslaught she must have a Government capable of directing affairs in a manner that will instil confidence in the morale among the fighting forces. The answer may yet prove to be a coalition-not with the Communists, but between, the Progressives, the Moderates and the Democrats. They have a certain amount of common ground politically, and, according to their own testimony share the single purpose of bringing about social, economic and financial reform along constitutional lines. An appeal to the country through such a coalition may yet turn the day for anti-Communist China: without any such development the worst fears of the democratic world will probably be fulfilled. This is the momentous hour. Government has evacuated Nan-

New Hitch Affects Strike Settlement

PACIFIC SAILORS' UNION SEEK CERTAIN GUARANTEES

San Francisco, Dec. 3.—The West Coast maritime strike ended officially at noon on Friday but there was no certainty that long idled ships would sail in the immediate future.

No sooner did the last of the striking CIO and independent unions come to terms in their 93-day strike than a new maritime hitch developed in demands of the non-striking AFL Sailors' Union of the Pacific.

Union, announced his men would ping fleet. knowledged and contract wage pro-

The Union demanded guarantees They will be the first ships worked that the new CIO longshore and in coast strike bound ports except cooks contracts do not infringe on its jurisdiction over longshore rights few with strike exempt cargo. on constwise steam schooner crews, and over cooks and stewards on

the Alaska steamship run. Mr Lundeberg's position drew a threat of damage action for lost work by the CIO longshoremen,

"USUAL STUNT"

"Harry Lundeberg of the SUP has pulled his usual stunt of trying to prevent maritime workers from returning to work to enjoy the gains shore statement.

"If he thinks he can get by with it he is wrong, and we will hit him with everything in the book inciuding legal action and damage suits, and will hold him responsible for every moment of work lost by our ranks as result of his shen-

But while speculation centred on the future course of the AFL sailors, picket lines were withdrawn from Pacific Coast plers at noon to end the second longest strike in coast

Only the 93-day strike in 1936 exceeded it.

The current three - months' paralysis involving five maritime unions cost shipping an estimated \$975,000,000. In addition, 76 ships Political Committee tonight put were turned back to the Maritime Palestine's future in the hands of Commission by operators and it was

Exhibition Reveals Shoe New

By VICTORIA CHAPELLE

keeping pace with the reclothes, has aroused a good deal number of buyers visited Lon-

in Footwear Exhibition. Grosvenor House. Forty-two leading firms had their designs on view and the cream of Britain's footwear was shown.

Styles for men and children, as , and buyers had a trated view of the work of many of Britain's leading footwear craftsmen. They were given an insight into the great craft of British shoemaking and in discussion groups learned of the organisation and strength of the United Kingdom footwear industry. Novel exhibition techniques and footlight fashlon parades showed how new outlines and textures had been developed to necompany recent fashions intro-

duced by dress designers. Some of the leading exhibitors were unanimous in saying that there was a tendency to revert to 1920 fashion trends, styled, of course, for 1948. One firm mentioned instep ties, button shoes, one-bar shoes and, in all probability, the "T" strap, as due for revival. But these will be given the restrained elegance which the new long skirt demands, and will be very different from the styles in vogue when the short chemise frock was fashionable.

Long Narrow Shape NE of the firm's experts pointed the long narrow shoe was not surprising in view of the fact that it had been out of vogue for so long. This means, of course, that the end of the short and dumpy styles of the past five years is in sight; but he gave it as his opinion that women were more than ready for novelty. He thought that closed backs and closed toes with open waists were likely to supersede the open backs and peep-toes, which have certainly suffered a decline in popularity, perhaps for the reason that they seemout of keeping with the more dignified fashions coming from the dressmakers' salons.

All designers say that the new styles, even when they are more elaborate, must have almost a glovefitting line, especially above the vamp. For instance, original

CHOE design in Britain, signs shown at the Exhibition Included a court shoe with an open lattice-work ankle, giving the effect volutionary changes in women's of a Roman sandal—this in black suede ealf with coloured whipsnake of interest overseas. A great or calf lattice-work; a shell shoe or court in black suede with a very open vamp which allows most of the don recently to see the Fashions top of the foot to be seen, the foot being secured by three thin and delicate strips of calf; a little boot in black suede calf with gold piping with the new open-closed toe idea giving the effect of a Turkish slipper; and a black satin and lace boots for evening wear.

The makers find the demand in high grade shoes is for colourful combinations, such as black suede combined with blue, green or red whipsnake, or black suede and

Boots And Bootees

THERE is a growing interest in boots or bootees. The Laguna Bounder promises to attract attention. This is a semi-jodhpur bootec in leather or suede with a high plain vamp fitting nearly to the instep, over which is a narrow strap finished by a buckle, a crepe or leather sole, and a leather rand (which also appears on the suede model). Another outstanding model is a bootee with a full-breasted Louis heel; it has a low vamp showing much of the foot, but a quarter built up high and coming well above the ankle to end in a cuff. This model in suede or satin calf illustrates a new trend and is not to be

The Louis type of heel is also used in what is called an imitation bar shoe influenced by the four-bar shoes popular in the 1900's; in other out that the growing popularity of words the bars are cut out of one piece of leather and merge into a single buckle, instead of being separately fastened as in the older models.

The concented platform has been so successful that designers are giving it their closest attention. The Bouncer model (with an internal heel built up to 11/2 inches and giving a natural arch form) and the Bounder (internal wedge) will be seen in new gulses. These range from the casual shoe with a , wide strap effect below the instep finished with two purely decorative buttons, to the casual sporting shoe in cali (made to a particular tunnage formula) with wide strap and buckle over plain high vamp with tongue and clastic inset. The construction of both these types is, of course, protected by patents.

Special Designs By Famous Art Names

By JOAN ERSKINE

LONDON. URING the war, the habit rapidly grew of putting a scarf hurriedly, on our heads, "tying it peasant-wise under our chins, and dashing forth to the daily routine.

New scarves are being made that we treat with reverence, exhibit to our friends, and could hang proudly on our walls!

And what else would you expect when they are designed, and signed, by famous "art names," Henri Matisse, Henry will be recognised as historical Moore, Felika Topolski, Graham Sutherland?

facturers have exploited the sky, the other to the sea. Moore's scarf-wearing habit by design- designs are typical of his great ining more and more flamboyant squares. It will be very balletomane, with ballerinas interesting to see how it develops. performing entrechats in each corner. The Royal Wedding suggested a whole series depicting episodes in the Royal lives. The Olympic Games were advertised lavishly in the same way. Popular magazines, drinks, revues, films, made their bow on silk, linen, cotton and chiffon.

In crowded streets it was usual to see passers-by craning their necks to read what was written on a scarf walking

LIMITED EDITIONS

SCHERS of London saw the great A possibilities in this revival of the tiest party dresses since 1939. headsquare, and early in the war they began printing and designing semi-party dresses, and evening their famous scarves. Nearly every skirts ar eminent painter of our time has been cheaper. commissioned to design for them. The Aschers are also using the work of several young artists in the belief that they will one day be as renowned as are the great contemporary artists of the present.

Mr Ascher told me his firm uses mostly British materials, of every kind-"every quality of material is suitable for a certain sort of design. Asked why the designs were all modern in conception, he said, "I am against trying to imitate the old masters. The only reason why they are copied is because they have attained such perfection."

Many of the squares are produced in limited editions, individually numbered, and signed by the artist. In years to come, he hopes, these will be collector's pieces of great value. There is no chance of their being repeated, as the screens are destroyed.

little couple, or Marie Laurencin's the design of the skirt. "La Seine," both illustrated here, would transform a dark dinner dress | pire" into a thing of beauty. The designs princess line, taul and would be shown to their best ad- fitting from waist to vantage draped over the shoulders, bosom. The skirt falls with the ends tucked through a straight from the waist.

But it must be admitted that the scarves are generally used as exhibition pieces. There is something quite new about a scarf framed and hung. They are used, too, as drapes,

cushions, covers, and so on.

A SCHERS held an exhibition of here, again, the their squares at the Lefevre neckline was low Gallery in London's Bond Street. It cut. has since received international acclamation and been throughout the world, in all the at principal cities.

made as far back as the late 18th wear unless your figure is very trim. century. Occasionally these are used for printing designs, the only change being in the colouring.

Ascher's may be the forerunners of an entirely new industry, that of transferring art in its purest forma painting-to squares of material signed with the artist's name. Close collaboration between artist and manufacturer is required for this process, and it must be more than satisfying to Aschers that they have managed to adapt and reproduce does not depend entirely on your

successfully. The abstract designs of Graham Sutherland, and the sombre, rather awe-inspiring creations of Henry Moore, have been produced with waistline-but not only your waistequal success. It is not easy to line. describe the wonderful colourings used. Pale blue, touches of grey and ivory, are characteristically Matisse. And Moore is repre- the woman with a fuller figure can sented by strong deep greys and rich be delightful if they are chosen golden ambers.

Aschers have, however, gone even farther into the task of linking the work of great living artists with textile printing. An exhibition will shortly be held in London of four panels designed by Henri Matisse and Henry Moore. They will be large enough to cover the wall of a madern room, are printed on linear modern room, are printed on linen and signed by the artists. Only thirty copies of each have been printed. The contrast between the two artists' work is marked.

To mention this exhibition is to depart very far from scarves and head-squares, but these panels are to our age what tapestries were to the Middle Ages. It is hoped that in the years to come these panels examples of twentieth-century art. Matisse expresses his mood when on a visit to the South Seas many years ago. Sir Sin Hashing

When a young man, seeking a successful career, establishes himsell in his profession or industry he has leaped his first hurdle. Now comes the effort

he do? He studies the ways and customs of his masters, and absorbs their

to excel. What does

wisdom. So, in this second chapter of his life story, we find Sir Patrick Hastings, now a barrister, studying his law where he could best learn itin the courts.

He listens to Rufus Isaacs and Edward Carson, the mighty men of the day. And, by pertinacity, he eventually reaches the chambers of the distinguished Horace Avory, later one of the

greatest of our judges.

HE usual way in which a and he never beginner spends his early stopped until he days at the Bar is as a had achieved it. pupil in some great man's but no one has chambers, where in exchange ever suggested for the sum of 100 guineas he that he asked is supposed to acquire some one superfluous thing of his learning.

But when I came to make my To his opstart I had not got 100 guineas, ponents he was As I could not be a pupil I always generous. had to learn my profession by and courteous, some other means, and the though he was obvious solution was to study occasionally exasperated at the fountain-head.

The Royal Courts of Justice tence, and, were only just across the street, above all, he. and there the greatest advocates hated being bored. were practising their profession every day. Surely that was the or another to epitomise Carson's place to learn!

Day in court, then to Fleet-street

Eight hours or so in court would leave plenty of time in which to scratch a living out of Fleet-street.

So for three months from the Wrote a book and day I was called my routine YY never varied. Between the hours of ten and four I sat on a back seat in one of the many Courts importance of association with of Justice.

In that three months I learned more than I had ever learned in all the years I had lived up which I occupied a humble seat to that time. The first time were the home of C. F. Gill. At to a very brilliant electric light Ashley had no particular desire with whom he conducted an affection that time. The first time were the home of C. F. Gill. At to a very brilliant electric light Ashley had no particular desire with whom he conducted an affection that time. I went into court, although only that time Gill was a very a spectator, I was as nervous fashionable "silk," and was as the proverbial kitten. My regularly engaged in most of wig was uncomfortable and horribly new; I felt miserably day. It occurred to me that it out of place.

I watched the line of counsel I could by some means join him take their places with awe and in his work. veneration; the entrance of the judge was almost the appearance of a being from another world.

And then the case began. It was of no particular or general interest, but it must have been might aclieve the desired result. of some importance by reason of the counsel who were engaged.

One was Henry Duke; another I anticipated, but there was also at the Bar knows the importance was Edward Carson.

istening to the great

The case lasted three days. The first day I left the court of any use to him. thinking I had been listening to the three greatest men who had ever lived, to emulate whom would be an impossibility.

The second day I was more critical, and began to draw dis- length, and dug out non-existing tive merits.

The third day I came to the In the result I should imagine

with some sound advice on how to master your job

I think perhaps that Rufus Isaacs had the most persuasive and attractive manner of any advocate I have ever known. A dry point of law became a poem in his hands.

Henry Duke was heavy, almost ponderous, both in his utterance and in his manner, but he was immensely powerful, and to a dishonest witness his blows had the force of a blacksmith's hammer.

Of Edward Carson I can still only speak with reverence.

He was by far the greatest advocate I have ever known; to my mind no one has even remotely approached him. His power of cross-examination

was not an art, it was simply natural genius. Whether his task was long or

question.

incompe-

If I were asked at some time greatness as an advocate, 1 should say that he had the power of convincing his tribunal of case in which Charles was a I had very different views. not only that his cause was just genius. but that his client was as master in the art of obtaining honest as his advocate.

Shield Competitions Start Today

By "SEE TEE"

The Senior and Juni or Challenge Shield competitions, the Colony's big knock-out soccer tournament, begins today. There are two senior and two junior ties this afternoon; and two senior and three junior games tomorrow.

Sing Tao, Challenge Shield holders, are, to all intents and purposes, represented by South China "A" (drawn to play the Navy tomorrow). South China's junior string. who beat the Navy's 'B' team in last season's junior final, have a fairly comfortable tie with War Dept. Chinese this afternoon. 🕆

seats, dressing rooms, etc., comprise asked Chelsea to release me.

The Colony's big knock-out tournament brings a welcome change from routine league games. There are four senior ties in the first round, with four clubs with byes into the second round.

All four first round matches offer very much the same fare. South China "A", whose ranks include many of the players who played in the Shield winners' colours of Sing Tao last season, seem the most favoured club for the second round. Largely because of the Navy's spirited display against a Combined

Chinese XI in the Memorial Cup match a fortnight ago, this Navy versus South China "A" match will draw a big crowd tomorrow. Strong in defence, reasonably

powerful in their half-back line (despite the continued absence of the bearded pivot. Flintham, a little more pep in the attack might upset South China "A". It is unfortunate that the sailors' burly centre-forward, Rafferty, will not be in port for tomorrow's game. .

South China "A" 's very commanding league record-Played 8 Won 8; 28 goals for with only against, suggests that the Navy will have to produce something exceptional to hold the potential league champions.

CONFIDENCE

Kowloon Motor Buses will regard their visit to Caroline Hill this afternoon, where they meet South China "B", with a fair amount of confidence. In their league meeting at Boundary Street in early October, the Busmen, playing well within themselves, beat South China "B" 4-1. Although the Caroline Hill men have shown improved form since then they can hardly hope to check the lively Bus attack.

Chinese Athletic and the Club, who do battle at Boundary-street this afternoon, were opposed in the first league match of the season on the same ground. The Chinese

∆von 4-2. Both sides have suffered changes since then. The Club, may pull something out of the bag for this

match, but the continued absence of Forrow turns the odds against

After earning their first league point of the season a fortnight ago, of the goals. Kwong Wah were, perhaps, a little unlucky at once to come under the big guns of all-conquering South China "A". The league leaders' 4-0 victory Football Association and the Foot-

over Kwong Wah last Saturday was ball League but they say, and most as complete as it was hollow. Kwong Wah meet Kitchee on the normal housing projects must come Navy ground tomorrow in the first. Senior Shield Competition. Having lost to Kitchee 5-1 in a . league match five weeks ago, there seems is to allow each club to proceed maten no weeks ago, the can with some covered buildings during 10 minutes or so, but then I faded make the second round, with Kwok the coming summer. Of course, right out of the game and could not Ting-kee, back in the attack, clubs can now take advantage of an come back, try as I might. I do not Kitchee seem booked for the second round.

JUNIOR SHIELD

Of the three leading junior clubs-Chinese Athletic, South China and down to what they consider reason- footballer admit that before. Chineso. No one can deny, however, that it is on the majority of grounds, and the Western Desert and Italy. 'He Kowloon Motor Buses face a very stands are put up in slipshod married the daughter of an exdifficult problem in St Joseph's fashion to conform to financial Lord Mayor of London and lives in have to improve on recent form in First Division ground, then the order to beat Kitchee.

St Joseph's hold only a mid-way cannot be ruled out. position in the league table, but they are quite liable to upset the Junior Busmen. KMB, however, are the only unbeaten junior league.

As in the senior section, the potential junior shield winners may be picked from among the teams which occupy the first six or seven

places in the table. These include the two Army elevens and the Navy's "B" team. Frequent team changes have upset the Navy's junior side more this season than intany since the war." The sailors won the shield two

sensons in succession, losing to South China juniors in a thrilling fibal Inst season.

Although the sallers should have little difficulty in beating the Club's second string team this afternoon (the match is at the Club ground) they will have to be sharper shooters than in their last moeting. A last minute goal-a lucky point wave them a 1-0

SOFTBALL CHATTER

By "SPECTATOR"

By Reg. Wootton

Withdrawal of the Club de Recrelo from the Senior League competition came as a blow to the local softball world. Interest in the pennant race consequently is reduced to a considerable degree.

The Recs had always been a power to be reckoned with, although they only came very near to taking the pennant without ever doing it. They never won but they were always good losers. Their club is enthusiastically sporting. They had always been represented in the softball field.

their strongest side yet. It was not under no obligation to softball. on the trail of the flag.

beginning to be convinced that "at softball preferred? Is it not as exlast this is the Recreio year." Many citing and enjoyable as cricket and will be disappointed in now not hav- hockey? I believe the answer is that ing a chance to see these expectations fulfilled.

The Rees' explanation is that there were no players enough to field a strong team, because the "strong men" were more interested in games other than softball. However, sure-

Admitting that tastes vary with Some followers of the game were individuals; nevertheless, why isn't softball is not as "attractive," and may be considered "small time"with no suitable ground and no stand to accommodate spectators.

The rooting for a ground gets louder with the Recs withdrawal. If the game were played under better conditions, the Recs would probably have thought twice about quitting. The ground allocating authorities still turn a deaf ear, and the .dire need is still not met.

THIS WEEK

This week's schedule of tilts does not command-much, interest. The best should be the game between Khalsa and the eight-game straight victorious Canadians. Barney Abbas' Indian boys will

have their eyes cocked on another upset, but are not expected to work Bill Woo's Maple Leafers are too

seasoned and all-round to be unnerved and should win easily, unless they have become overconfident.

The girls' game this week is between Alice Mar's Canadlans and Terry Noronha's Wahoos. Coach Hal Winglee will take opportunity to get in more practice for the coming "revenge" on the Wildcats, who beat them. The champion Wahoos are still mad, licking wounds, and Canuckette squad of beginners will get more experience. They are getting to be well liked for their keenness.

Pakiston prepared early and in carnest to take part in the coming International Series to begin some-Would that we had the gift to time this month. Elected Manager was A. R. "Senior" Markar. TREASURE

Tee Joe sighed. He had been a whole year saving up the dollar, six bits. He would be an old man, seemed, before he had \$3.50.

Big Joe had gone shrimping. Gran'mere wouldn't lend him that much. Not after he'd been cutting to pack the ice. capers trying to carry a sack of meal on his head and spilled and wasted it. Tee Joe picked up the oil can and the packet of coffee and went out to the pirogue. Paddling down the channel, all he could think about was the blowin' harp.

CLOBILE GUIDRY's boat was tled U at the water steps when Tee Joe got home. Clobile, who took city people out for deep fishing, stopped sometimes for little balt frogs on the chenier. That islandbefore you got to the Gulf, Two dirt. city men were drinking Gran'mere's French drip coffee at the kitchen table-while they waited for Clobile. Tee Joe sat down in a corner listening to the talk.

"It's lonesome as a hoot owl round about," Grau'mere admitted. "When the shrimp boats leed here, sometimes we'd see three, four people at once. But the hurricano blowed the ice house down and it wasn't built back. Shrimpers, get chopped-up ice at the platforms now through a chute."

"Don't you see treasure hunters occasionally?" one of the city men asked, stirring more augar into his coffee. "Jean LaFitte buried treasure around here, you know."

Tee Joe didn't wait to hear any more. Under the tallest oak on the chenier, Gran'pere had showed him many times the very place! There that I am sad. For now I must bered, too, Gran'pere's stories about a barrel of coffee grounds and cornleave you. But though you will the ghosts of dead sailors who meal."
never see me again, I will still be guarded the gold. But this early in near you. I will be in the sunshine, the day, ghosts shouldn't bother him. Tee Joe shouldered the shovel

TINDER the onk hung with grey U strands of Spanish moss, the morning sun dld not reach to earth, the hole grew slowly deeper. fishermen needing balt." Tee Joe got a blister on one thumb; Knarl and Hanid smiled, too. They then one the other. He had tickle the back of his bare legi . "

Clobile asked. "Man you struck it rich!" He didn't move, but he rolled his

eyes as far around as they would go. He could see nothing. Then the soft is. tickling was repeated. Tee Joe's hair began to stand on end and the swent on his forehead was cold. The soft rubbing stopped. Then he felt sharp pain! Needles in his thigh!

He yelled and whirled, ready to slash out with the shovel. Minette, Gran'mere's yellow cat, leaped to don' know, but I got to get the top of the pile of dirt. She had been behind him, rubbing against his legs. When he had stood still she had reached up to claw hlm.

ALU RIGHTS BESERVED. I.

Punch's Wonderful Grandfather . -He Could Make Anyone and Everyone Laugh-By MAX TRELL

667 MY great-great-great grand-IVI father was a wonderful man," Mr Punch was saying to Knnrf and Hanid, the shadowchildren with the turned-about names. "His name was Punchinello. He was a famous actor."

"Oh!" exclaimed Hanid, who was delighted to hear about famous people. "Did he act in plays?"

Mr Punch nodded. "He did indeed. He played before kings and queens, dukes and duchesses, and counts and countesses. He also played before little children. Everyone loved him because he made everyone laugh. No matter how sad anyone felt, when they saw Punchinello they Grandfather always laughed and were happy again."

Smiled to Himself

Mr Punch smiled to himself as ho thought about his old great-great- read. great grandfather.

"What did he do to make everyone laugh?" Knarf asked.

"He didn't do anything," said Mr Punch, much to the surprise of Knarf and Hanid. "I mean," ho a d d e d hastily, "Grandfather Punchinello didn't do anything odd or strange, like standing on his head, or falling down a flight of stairs. He did just what everyone else does. He 'dressed like everyone else. He talked like everyone else."

"Then why did he make everyone else laugh?" Hanid wanted to know. that he made everyone else who saw him, or heard him, happy too. That was the only thing he did. He even laughed. gave, everyone his own happiness. And that made him even happier than he was before.

KILLBEAR! YOUR INJUN PALS ARE HOLDIN'A

CEREMONY!

Punchinello was a famous actor.

"Then one day," Mr Punch went on, "when Grandfather Punchinello was very old, he went away. He was gone. No one knew where he went. But he left a letter for everyone to

Contract Down, As

women pairs in the country. However, in the recent national women's pair event at Chleago, they failed to qualify. But that did not discourage them.

The defence put up by Mrs Wagar and John Crawford on today's hand easily won a match for their team. Against the four heart contract Crawford (South) got off to the jack of spades lend, and when the queen was played from dummy, Mrs Wagar (North) won with the king. She returned her · lowest diamond, the three spot.

Crawford won with the queen and cashed the acc of diamonds. He correctly read the three of diamonds as a suit preference play, asking for the return of the lowest suit, so he played back the three of clubs. Once again declarer took the finesse, playing low from dummy, and North's king won.

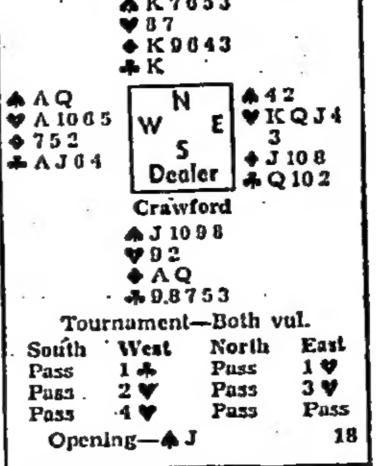

She did not attempt to cash the king of diamonds, but led a small diamond, which Crawford ruffed. He read the situation and led back a club, which Mrs Wagar trumped.

had gone up with dummy's ace of spades and guessed the singleton king of clubs, he could have made his contract easily.

LITTLE **ASSEMBLY** REMAIN

Paris, Dec. 3 .- The United Nations General Assembly today decided to retain for another year the Interim Committee, or "Little Assembly."

Thy establishment of a Permanent Committee was opposed during the debate by members of the Slav bloe as a manocuvre by the Western Powers to bypass the Security Council and Big Power voto. Forty countries voted in favour

of retaining the Interim Committee. with six (the Slav bloc) opposing and one abstention (India). Mr John Foster Dulles (United States) declared that he was so tired

of Soviet allegations that America almed at "world mastery" that he no longer "reacted." In the general discussions, the

United States favoured adjourning the General Assembly not later than December 12, and on December 11 the General Committee should meet to decide whether to re-convene at Lake Success. UNHAPPY PRECEDENT

Canada and China suggested December 15 and Mr Hector McNeil (Britain) supporting them, said that his delegation greatly feared that if they agreed to the principle that they could meet again in New York, it would become a most unhappy precedent. They must aim at completing their work in each Assem-

bly session. Poland and Soviet Russia did not agree that the prestige of the United Nations would suffer through splitting the work of the General

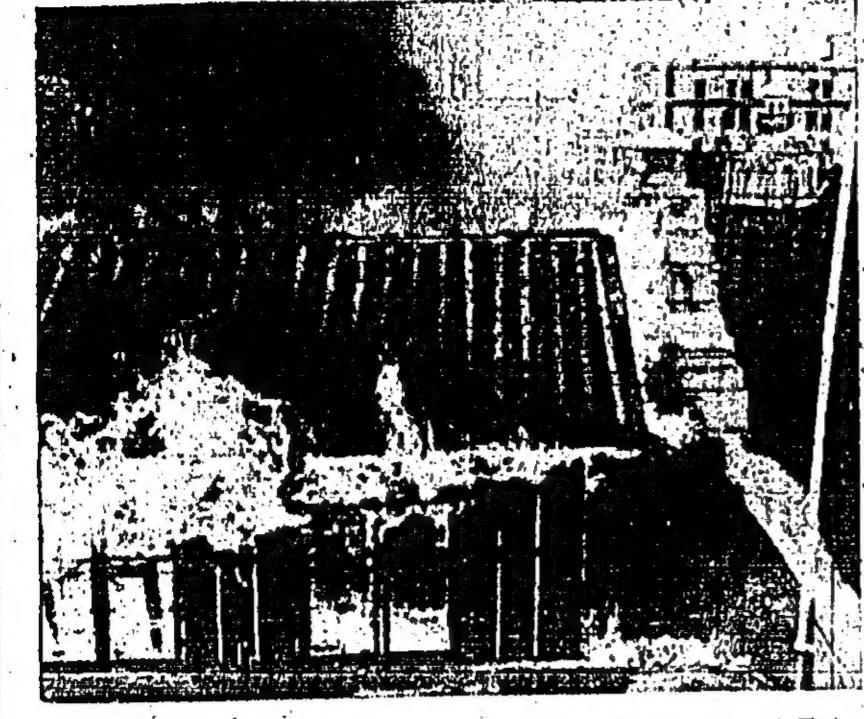

Assembly. Most of the Committee suggested that a target dute should be fixed, but Dr Herbert Evatt sald that they could not do so without giving adequate attention to the unfinished business of the Assembly. He ad-journed the meeting until tomorrow.-Reuter.
